Sympathy

Lamar, we extend our sympathy to you and your family upon the passing of your father.
Members of NC 02

#####

HELP US TO HELP OUR COMMUNITY

NC 02 is continuing our food drive in 2010 for folks in our community who are in need.

Please bring can goods, pasta, or any grocery items which would have a sustainable shelf life. As we collect these items, Barbara and Charles Janus have been delivering the goods to local agencies to be distributed to those in need.

Small pop-top cans are needed for the homeless.

NC 02 can make a difference –
please help us continue to make this project a success.

"In North Carolina, we can do it"

FROM THE CHAPTER DIRECTOR - NC-02

On the Road with your Chapter Directors

Wake up everyone and let's ride the roads full of changing leaves and smells of fall in full glory! If you haven't been on any rides or dinner rides you have missed out on some good times! I know some have had to be cancelled for rain or moved to a different time, some of us have had to work or have been sick but the rides are out there so get going! Don't forget the Spook-out or cookout at Lamar's house this October 30th it should be fun to gather around the campfire or grill and incinerate some hotdogs! I have heard that there will be a ride if the weather permits. So grab you mask and come on down for some fun!

Everyone that went to Wings over the Smokies had a great time and bought all the safety chrome and colored driving lights that could fit on any Goldwing and still be within the weight limits! We did and Brenda still found the time to pick up a virus that someone had dropped! She had to spend Saturday and most of Sunday in bed at the hotel while I ran around the rally site with some money, a plastic card that would go swish at the vendors all with out supervision!

Everyone put on your thing caps and let's see if we can come up with some ideas for fund raising for the group!

Saturday October 9th Brenda witness just how fast a Goldwing could have the seat removed, a fuse could be replaced and the donor of the correct fuse come out of a GMC Yukon, the cause of the short be repaired, all with a helmet on for safety reasons, and be on time for a ride! Let's say it all took only 15 minutes! Folks, when a ride calls, I will do anything to get to the meeting place for a spot in the line! We went to Isabel's for lunch in the mountains and had a GREAT time on the Parkway afterwards!

Brenda wants to send thanks an appreciation to everyone that helped Archie at Wings over the Smokies! Everyone offered to help him and me! Some even offered to go home and get a car to get me home. Ted McMillan even let someone drive his car to get me back to the hotel! Let me tell you that a stomach virus not the fun thing to have coming home in the rain on the back of a motorcycle! Thanks to all that helped and offered to get me home! Thanks for the prayers! There is no group of people like our G.W.R.R.A. family and friends!

You're NC-O2 Chapter Directors,
Archie and Brenda Reynolds

From the Chapter NC 02 ACD

Wings over the Smokies is over and we had a good group that attended from NC-02. I think everyone there had a lot of fun.

NC-02 will learn that almost every position in North Carolina District Staff has changed. A lot of hard working people have been replaced and I feel sure we have replaced them with another group of hard working people. We just have a lot of new names to learn and what position they hold. A new Regional Director, District Director, Assistants, Treasurer, District MED Coordinator, and others. We also have a new Couple of the Year. I am sure in time we will learn who all these new folks are.

The good news is that NC-02 has not changed. We are having some great rides planned and they should be a lot of fun. Make sure you join in these events.

Johnny & Lou Perry ACD'S

Computer Tip of the Month

Julie Kochert

Another tip to tweek your settings from PCWorld :

Ever have a problem with Internet Explorer and other programs: when they open in a non-full-size window. You really want them to run maximized, meaning in a window that fills the screen.

Here's the simple process for making any program start maximized:

1. Right-click the program's shortcut, and then click *Properties*. (If you're a Windows 7 user and the shortcut resides on your Taskbar, there's an extra step. After you right-click the Taskbar icon, look for the program name in the pop-up menu that appears, and then right-click *that*. Then you'll see the Properties option, which you can left- or right-click.)
2. This will open the Properties window with the Shortcut tab already selected. Click the pull-down menu next to Run and choose *Maximized*.
3. Click OK and you're done!

Just to clarify, the "program shortcut" is the icon you click (or double-click) to run the program in question. This icon might be on your desktop, in the *Start* menu, or on the Windows Taskbar at the bottom of the screen.

CHAPTER EDUCATOR-----

LaMar Shelly

It Is Cooler!!!!!!!

The weather has changed. I thought nobody has noticed so I would tell you. The mornings can be down right cold going down the road at 60 mph. This is the time of the year to layer for your ride. You probably will take two sets of clothes in order to meet the demands of the changing weather. Don't think of riding when you are cold. All you will think about is how cold you are. You also tense up and are not as responsive to the dangers around you. Know what the tempature of you body needs to be and keep it there. It is different for everyone so know what yours is.

I think the weather change has affected everyone. It makes people do stupid things. The other Saturday when we were going to Forrest City, we had an idiot pass one car and five bikes on a hill. Watch out for these folks. Be aware of your surroundings. I know this is true for all rides, but I want to remind us of this.

Also start watching out for leaves on the road. They can do interesting things to your two bike tires. Enjoy the leave color changing. Slow down and you can enjoy them so much more. You will also have more traction and ease of mind in doing this.

I know we know these things and I am not trying to tell you what to do. I also know that I forget and need to be reminded so maybe you are this way, too. Just continue to always think and be alert and you will be the better rider for it.

So now lets go ride!!!!!!!!!!

LaMar Shelly
